CONDITIONS OF SALE

1. INSPECTION : No lot is available for inspection by post.
2. EXTENSION: Extensions for expertising will be granted on application. Any purchase made with an extension is payable in full in compliance with Condition 7. Such monies will not be made available to the vendor until the purchaser has received the certificate. The onus shall be on the purchaser to obtain such certificate within a reasonable time, and bear all costs. If the item does not receive a clear certificate, the Auctioneer will refund any expertisation fee not exceeding seventy dollars (\$70).
3. BIDDING
 - 3.1 Bidding, either absentee or in the room, will bind the bidder to these conditions of sale. Subject to any reserve price, the highest bidder shall purchase the lot: any dispute arising as to who is the highest bidder shall be determined by the Auctioneer who may offer the lot again. The Auctioneer may group, split up or withdraw lots, and transfer bids to identical lots at his discretion.
 - 3.2 The bidder shall be deemed to purchase as buyer unless prior to bidding he has given the Auctioneer a copy of a written authority to bid on behalf of another person.
 - 3.3 Where an agent purchases on behalf of an undisclosed client, such agent shall be personally liable for payment of the purchase money to the Auctioneer and for safe delivery of the lot to the said client.
 - 3.4 Vendor bids shall not be accepted.
4. BIDDING INCREMENTS: Postal bids must comply with the following steps:

Under \$300 - \$10 increases	\$1,000-\$2,000 - \$50 increases
\$300-\$500 - \$20 increases	\$2,000-\$5,000 - \$100 increases
\$500-\$1,000 - \$25 increases	

Otherwise, the regulation of bidding is at the Auctioneer's discretion.
5. ABSENTEE BIDDERS: Bids will be accepted from persons unable to attend the auction, and their bids will be treated in utmost confidence and managed as though the bidder is in the room. The Auctioneer shall not be liable for errors or omissions in executing bids. Absentee bidders, who have not seen the lots they are buying, may reject any lot with the exception of bulk or mixed lots and collections, where the description is not in accordance with that given in the catalogue. However, any such lots are only returnable within forty-eight (48) hours of receipt, and in the condition received.
6. ESTIMATES: These are conservative. Bidding will commence at a bidding increment over the second highest postal/absentee bid received prior to commencement of the auction. Where one or no bids have been received, bidding will commence at seventy percent (70%) of the lot estimate, or at reserve if above 70%.
7. PAYMENT: Lots will be at the buyer's risk from the fall of the hammer but title shall not pass until payment in full has been made of the purchase price (hammer price plus 15% buyer's premium (plus GST on buyers premium for NZ buyers) and, if applicable, interest). Payment and clearance of lots by room buyers may be carried out on the day of the sale. Payment by postal/absentee bidders must be made upon receipt of invoice. Payments not received within 30 days of auction date will be subject to 2% penalty interest.
8. No GST is charged on the hammer price, but purchasers outside of New Zealand undertake that neither they or an associated person will cause the goods to be re-imported into New Zealand in substantially the same condition in which they were exported.
9. FAILURE TO PAY: If the buyer breaches Condition 7, the Auctioneer, without prejudice to any other rights available to it, shall be entitled without notice to the buyer to exercise one or more of the following rights and remedies:-
 - 9.1 to terminate the contract with the buyer and any monies which the buyer has paid to the Auctioneer on account of such purchase or purchases shall be forfeited;
 - 9.2 to terminate the contract, resell the lot at any time by public auction and the buyer shall pay to the Auctioneer any resulting deficiency in the purchase price (plus interest) and insurance. Any surplus shall be paid to the vendor;
 - 9.3 to apply any monies at any time due by the Auctioneer to the buyer in payment of the purchase price (plus interest). The Auctioneer shall have a lien over any property of the buyer in the possession of the Auctioneer, in order to secure any monies due to the Auctioneer; and
 - 9.4 to proceed against the buyer for damages for breach of contract.
10. The Auctioneer reserves the right to refuse admission to any person to either viewing or the sale room, and the Auctioneer may refuse any bid.
11. GOVERNING LAW: These conditions shall be governed by and constructed in accordance with the laws from time to time in force in New Zealand and the parties hereto irrevocably submit to the non-exclusive jurisdiction of the Courts of New Zealand.

The 14th International Numismatic Auction

Welcome to our 14th Auction, with 566 lots from more than 50 vendors.

The catalogue includes exciting material from collections developed both overseas and in New Zealand from Invercargill to Auckland, including from New Zealand collectors actively building their collections as early as the 1940s. Labels from firms such as B A Seaby show the provenance in these early collections. Collectors now enjoy the benefits of years of numismatic research which gives more confidence in identification than local dealers of an earlier era could offer. In some cases, we have left earlier descriptions with lots for interest though this catalogue offers authoritative ID.

John Mowbray

World Coins start the catalogue with ever popular accumulations and a small but interesting range of ancient coins, reflecting the popular interests in figures such as Caesar and Nero. While interest in some lots will be dominated by silver content, many scarcer lots are presented too, including rarely found Russian sets from the early 1970's whose values boomed after Russians could become active collectors and wanted the rarities of their own series.

New Zealand coins include both typical and higher grade pre-decimals, almost enough 1935 threepences to conduct a study of the main varieties and a superb range of proofs. Once again, almost all the later proofs from 1990 onwards feature, including most gold and platinum issues, including until as late as 2014. Reserves are set at realistic levels. An attractive Waitangi proof set and two Waitangi Crowns are included. It wouldn't be a Mowbray auction without them!

A strong feature this year is Great Britain coins with more than 50 lots from the time of Henry II to George III, before even reaching the era when British coins began to circulate in New Zealand.

While New Zealand dominates the more than 70 gold lots on offer, Great Britain also features strongly with both early George III guinea period coins and recent British proof gold coins up to 2009, as well as the sovereigns and half sovereigns that circulated here.

Banknotes include Colonial Bank proofs, a good range of Lefeaux notes, many decimals, scarce Australian banknotes and some interesting foreign accumulations. It could be worth looking through the notgeld banknotes in the albums. Medals include the commemorative medals field made more lively by recently published

catalogues such as MacMaster. A copy of Sutherland's "A Numismatic History of New Zealand" features from the estate of George Barr, who joined the Royal Numismatic Society of New Zealand in 1937 in time to purchase the copy on offer.

Almost every lot will be available to view on line at our web site, www.mowbraycollectables.com

Thanks go to David Galt, who joined us in May 2015 as Director, Coins, Medals and Banknotes; and established team members Arna Dal Din, Chelsea Dal Din, Keren Malin and Maree Malin who together produced this auction. Please contact David or Arna in the first instance for questions about the lots or sale.

David Galt

All our team look forward to working with you in 2016 to further build New Zealand's premier numismatic auction series.
